

# SOUND SPECIALISTS

» EXPERIENCE MAKES THE DIFFERENCE

For more than a decade, Sound Specialists has defined itself as one of Chicagoland's most trusted home integrators. We feature the latest components from top quality vendors and are current with the most innovative design and programming technologies. With Sound Specialists, the difference is *EXPERIENCE*—knowledge and skill developed with the successful completion of numerous custom projects and the satisfaction of many discerning clients.

## QUALITY

A member of the Custom Electronic Design and Installation Association (CEDIA), Sound Specialists has successfully completed projects ranging from distributed audio and video systems, to dynamic home cinemas, to comprehensive integration systems. Paramount to our success with each opportunity is our unwavering commitment to excellence in client-based design, superior installation and personal service.

## INNOVATION

Home electronics is a fast-growing industry with new products and technologies introduced constantly. The team at Sound Specialists takes pride in keeping pace with our industry and bringing this knowledge to each of our custom designs. Our system solutions represent the latest in product and design technologies, while also providing for future expandability.

## PROFESSIONALISM

At Sound Specialists we have a single goal—to provide exceptional integration and entertainment systems to our clients. This focus has enabled us to cultivate a deep understanding of our industry and to develop methods and efficiencies to successfully address the unique challenges of these projects.
